

ONE80 ALIVE

Hey youth Sunday night youth services are here for the term! They are an important time to come together in a space created especially for young people and spend time growing, learning and experiencing God.

The youth meetings are also a great place to catch up with friends and build new friendships.

The youth will have something on every fortnight on a Sunday from 5.30 to 7 unless otherwise specified. We will have a youth meeting every fortnight, with the occasional DVD or a social night to just hang out together mixed in there.

For these nights to be successful it's important that we have your support. It is also important to make time in our busy lives to let God speak and journey with us.
