COUCH
PROJECT
.COM.AU

On any given night in Australia, there are more than 44,000 young people who are homeless* because home isn't safe.

I'm sleeping on my couch to raise money for The Salvation Army's Couch Project. Funds raised will help the Salvos give food, blankets, counselling and support to young people to get them out of danger and back on their feet. Please sponsor me and together we can help Australia's youth who are experiencing homelessness.
