

Be the Boss

GET ON TOP OF YOUR MONEY
FOR GOOD

WEEK 2, DAY 7

Success!

ACTION PLAN

As with values, our modern world has a lot to tell us about the link between financial decisions and success. On the one hand we see constant messages that seem to equate success with having lots of money. While at the same time we are bombarded by negative and scary media stories about money.

So today we want to think outside the box to find what inspires you, in the hope that by doing so we begin writing *our own* story of what a successful life looks like.

We start by thinking about one person you admire.

Their name: _____

1. Why did you choose that person?
2. What is it about that person that you admire?
3. What is that makes them successful in your eyes?

SUCCESS!

Success looks different for all of us. It might be loving, sharing, giving or caring.

Given this understanding of success, think of three areas where you consider you've achieved success.

- 1.
- 2.
- 3.

Remember

Our financial worth does not measure our personal worth.

Financial success is not a measurement of personal success.

Our credit score or bank account does not measure our character, our empathy, our compassion, loyalty, creativity.
