## join the tour

Streets to Stage Schools Tour is an inspiring performance that educates high school students about youth homelessness. The 60 minute performance comes to your school featuring music artists who share their real life stories of living on the streets and what helped them turn their lives around.

Through their original rhythm and poetry (RAP) music and one on one interviews our aim is to educate students about how they can access support for themselves or a friend if they are ever in trouble.

## line-up

5 MIN Introduction video

15 MIN Music Performance

20 MIN Q & A with musicians
