

CENTRE FOR RESTORATION

Ongoing Support

We recognise that you may or may not wish to engage with The Salvation Army on an ongoing basis and we will be guided by what you feel is most appropriate for you.

Our role is to support you through the process of your claim against The Salvation Army.

If you wish to have ongoing support after your claim has been finalised, we will connect you to a local program for that support.

We will of course continue to fund ongoing counselling and/or psychological support for as long as is reasonably necessary, with whomever you decide to be your support.
