

# Jesus makes all the difference

## Week 1 - Expectancy

When have you been most concerned about the end of the world? Why?

When was a time you ignored some warning signs (in health, finances, driving, marriage, or in your job) and ended up with some problems?

**Read Luke 21: 25-28; 34-36**

What stood out to you?

What challenged or confused you?

What would you say is the main point of Jesus' words in 21:25-28?

How would this teaching affect both Jesus' hearers and the first-century readers of Luke's Gospel? How does it affect you?

Since prophecy seems to be so open to different interpretations, how can we be certain enough about it for it to affect our lives?

What is Jesus' main concern for His hearers in terms of application?

How does this passage of scripture and Christ's prophecy and teaching affect the way you live your life?

How well does your life reflect verses 34-36?

Since Christ is certainly returning, we need to be alert and ready,  
not dull and surprised by His coming.
