CONNECTING SALVOS IN MISSION

9 February 2020

You have probably read the story of The Good Samaritan many times and learnt many different things about the various characters of the story. What if we are not meant to identify as much with the Samaritan but first and foremost with the man who was robbed and beaten and left to die on the road?

What if you were bleeding to death on the side of the road, and your only hope was an act of free grace from an enemy who did not owe you anything? Figuratively speaking you are or you were. As we look at the man who is beaten and as we identify with that character, we see a reality of radical grace and we are the ones who need to be saved by this radical grace. Only when we embrace and receive this truth can we then turn and be givers of radical grace to others.

God doesn't want His people to simply follow a list of rules; He's after your heart, and He wants you to love others as He does. We are to respond as God would respond to them, the way God responds to us when we are dead in our sins and in need of radical grace which can only come from Jesus and not from simply following the law

Jesus' radical grace changes people and it produces in true believers a desire to be generous, compassionate, and forgiving. As believers and receivers of this grace, will we go and love others in the same way? Will we help others without expectations of repayment or deserving character?

Unlike the lawyer from Jesus' story, we don't love our neighbours because we have to do great things in order to be saved but because something great has been done to save us.

We love because he first loved us." -1 John 4:19

## Mobile Mission

**Warren and Vicki** will be heading off soon with the mobile mission to visit rural communities in NSW. During this trip, money will be given and used to support needs in the communities they visit who are suffering from the drought. As part of our support to the mission, a decision has been made to give the open plate offering on Sunday 9 Feb to the mission team. This is a way that we as a Corps can be a part of blessing some communities who are in great need.
