

Let's Pray

Building Healthy Communities

Scripture

They devoted themselves to the apostles' teaching and to fellowship, to the breaking of bread and to prayer. Everyone was filled with awe at the many wonders and signs performed by the apostles. All the believers were together and had everything in common... They broke bread in their homes and ate together with glad and sincere hearts, praising God and enjoying the favour of all the people. And the Lord added to their number daily those who were being saved. (Acts 2:42-44, 46-47).

Reflection

A healthy, spiritual community is one that is looking to follow Jesus and be guided by the Holy Spirit. The community is "devoted to the apostles' teaching and prayer". They understand their need for God's word and prayer to guide their life together. It is a spiritual community that needs food for their souls and has a sense of awe and wonder about God. It is also a community that understands the Christian faith is not just a private faith between God and a person. It draws us into a community of others - brothers and sisters - who are also made in the image of God and in need of his grace and mercy.

Prayer

Father, we live in an increasingly fragmented world of increasing isolation and loneliness. People are looking for healthy communities. May they see in us a Christian community that meets this need; a healthy community that is responding to the call to live and love like Jesus lived and loved. We pray that this outpouring of love will be seen in our actions; the way we humbly seek to serve others and in how we use our time, skills, experience and resources. And we ask, Lord, that in your mercy you would "add to our number daily those who are being saved".

In Jesus' name we pray. Amen

Make Disciples

Cairns Street Chaplains

In December we received news that we were successful in our bid to access state funding for the Cairns Street Chaplains. This was on behalf of the Cairns Combined churches and commenced Jan 1st 2022. The staff are employed through The Salvation Army and have set up on-site at the Corps. Please make Stuart and the team feel welcome and see how you can get involved.
