

Central Vic Salvos

Sunday 13th August 2023

The scripture for this week's CSV newsletter "Front Page" refers to what I would call a familiar scripture which speaks of becoming a "new creature in Christ." Here Paul is talking to the believers in Corinth who have a Greek background that informs the way that they think and behave.

The affect of what we have learnt and experienced during the years that have passed between our physical birth and our spiritual birth (Our moment of salvation.) will influence our decision making and those who are our friends. (Cannot choose your relatives.) Our life experiences can assist us or hinder us in coming to that realization the there is a higher power and that this power we recognize as God the creator of all things seen and unseen. Then that moment where each person decides to follow God, asking for forgiveness and receiving the infilling of the Holy Spirit is the moment of salvation. Either way, the actual experience of Salvation is similar. The person repenting is forgiven, the person seeking will be indwelled by the Holy Spirit.

So, what has changed? Your soul has changed, that part of us that has the direct connection with God has changed. From the outside we appear relatively the same. From the outside our lives are at the same in time. It is at this point that Paul is encouraging the Corinthians to understand that the change through salvation will bring a change our daily lives. Remembering that the Christian gospel is brand new to people of the New Testament world then there will be the need for many changes to be made. In this situation the Greek understanding about God(s) need to change. The old things need to be put away, new ways or focus need to be lived.

A picture that comes to mind is that of an old rusty car that the owner wants to restore. The old petrol motor is replaced by a new electric motor connected to solar panels to be powered by the Son rather than a fossil fuel from the ground does. While this might replacement might be the start there is more work to be occur, rust is replaced, tires are replaced to steer in the required direction, lights are replaced to shine the way during dark times. The old stuff stored in the boot is thrown out and is replaced with items that are required for the new direction of travel. Passengers that encourage the driver (you) to follow paths that lead in the wrong direct are replaced with supportive passengers. God is now navigating for the driver as God has created the driver who wants to follow Him through choice and love as opposed to some artificial intelligent algorithms.

So here is Paul encouraging the Corinthians to take hold of that idea that a converted life (Salvation) begins with focus on God, the past focus is passed and now new ways of living are required.

I pray that these words and thoughts are helpful: Ken (Ministry Assistant)
