

## WHAT YOU NEED BEFORE YOU START

- A Smartphone
- An internet connection (Wi-fi or mobile data)
- A valid mobile phone number
- Access to receive an SMS or phone call for verification.

## STEP 2

### ACCOUNT SET UP

- Open app
- Read the terms and conditions, agree and continue.
- Enter your mobile number as +61

## STEP 4

### ALLOW PERMISSIONS

- WhatsApp may ask for access to contacts, photos, camera, microphone and notifications. We recommend to allow, so the app works properly.

## STEP 1

### DOWNLOAD WHATSAPP

- Open the App Store/Google Play Store
- For apple users search WhatsApp Messenger
- For Android users search WhatsApp LLC
- Click install - you may need to enter your ID and password based off your phone settings.

## STEP 3

### VERIFY YOUR PHONE NUMBER

- WhatsApp will send you a text message or an automated phone call.
- Wait for the 6-digit code, once received enter the code into WhatsApp
- If the SMS doesn't arrive, wait until the timer end and tap resend SMS or Call me

## STEP 5

### CREATE YOUR PROFILE

- Enter your name
- Finish set up - tap Done, or Next. Your WhatsApp account is now ready.
